## ISCB

### Academic Year / Curso Escolar 2022-2023

The International School of Costa Brava (ISCB), founded in 2020 in Platja D'Aro, Girona, is an **International British School**, pioneer in concept-driven education. At ISCB we offer the British National Curriculum of England and Wales, complemented with a thoroughly planned holistic approach to emotional wellbeing and child's development.

At ISCB, we complete our curricular offer with a **Forest School Program**, led by Forest School Trained practitioners. Forest School is a child-centred inspirational learning process, that offers opportunities for holistic growth through regular sessions. It is a long-term program that supports play, exploration and supported risk taking. It develops confidence and self-esteem through learner inspired, hands-on experiences in a natural setting. **Learning outdoors**, holistically or organically from the nature is one of our main targets as a school.

The School has direct access to its own forest of 30 hectares and the beach and the town of Platja D'Aro is a short walk away. Children will have regular access to our stunning natural surroundings during the school year through the Forest School Program and other activities organised by teachers.

We offer a stimulating, engaging and challenging multicultural environment where the intellectual, emotional and creative potential of each student is developed, optimised and respected.
